Terra-Vac Sweeper Range for Clean Paddocks

Terra-Vac Paddock Sweepers

The Terra-Vac Sweeper Range are great for large areas and have the added benefit of helping to condition the paddocks by removing dead grass and promoting new growth.

Features & Benefits

- Choice of 1.1 to 1.8m Brush width > Wide coverage reduces cleaning time
- Floating Brush head > moves with the contours of the ground for maximum collection
- Powerful PTO mechanism > Ensures thorough cleaning and eliminates smearing caused by reduced brush speed
- Large capacity with top up baffle > Ensures you can use the full capacity & reduces emptying time
- 2 Year Warranty & reliable spares/repair service > Giving you piece of mind when you buy a Terra-Vac machine
- Brushes can be adjusted to required height > Can be used to pick up surface material or to scarify
- Rugged construction > Gives years of service with minimal maintenance
